# TEAM **TALK**

I don't need to underline the importance of today's game for both teams with a result absolutely vital for us as we enter the last week of the season.

Hopefully our injury problems, which left me with only 12 fit pros - including two goalkeepers - the day before the match with Fulham last week, will have cleared up by the time we put out the side this afternoon.

We haven't had the best of luck with injuries all season. In fact I think we have only been able to

field an unchanged side for one spell of three games in a row all season and certainly having key players ruled out at this crucial stage of the season is the last thing we want.

We face three vital matches including today's and we must go all out to get results from all these matches if we are to survive this season.

We should have collected three points comfortably from our last home game against Blackpool. Again we created enough chances to have had the match won long before the end but that is something we could say about a number of our games in the last few months. Unfortunately we are in the position we are because we have let slip games we should have won and that is something that has got to change in the next seven days.

To be honest we did not really create anything at Fulham last Saturday and both sides were tense and uptight. The one good thing to come out of the match from our point of view was an outstanding performance from Neil Smallwood. We were all delighted with his display.

I would like to round off this afternoon by thanking you all for your support today and welcome two special groups who are at Bootham Crescent this afternoon the Heworth Cedar's Cub Pack and the Marske Under 13 team from Redcar. They arrived at the ground for our game with Port Vale in January only to find the match was off. Let's hope they have better luck today and enjoy the game and their visit.

# RESERVE *Action*

We produced a very good all round performance to beat Notts. County 4 - 0 at home a couple of weeks ago, scoring twice in each half.

David Downing put away two good goals in the first period, his second a well judged lob over the 'keeper and after the break Nigel Costello and Gary Himsworth added to our lead, Costello beating the goalkeeper from a difficult angle and Himsworth doing well with his chance.

It was a fine team performance with everybody playing their part. At home to Blackpool last week we went behind to a first half goal and could not break down their defence to lose 1 - 0. Our final pass tended to let us down but the lads worked hard and were perhaps a shade unlucky not to get a point. Jonathan Common had a useful game in midfield, Mark Brown was again effective at the back and there was a promising performance from trialist centre half Jonathan Gray.

We rounded off our home games against Stoke on Wednesday and have a game at Bradford City on Tuesday.

● Home Games Kick-off at 11.00 a.m.

At home to Leeds United last Saturday we included associate schoolboy Scott Healey in goal, right back Chris Ashworth, mid fielder Matt Walsh and a trialist striker-right winger Warren McMillan. Warren's father Trevor played for Hull City and Barnsley in the 1960's before emigrating. The family now lives in Cottingham.

Marco Gabbadini had a run out up front after his prolonged injury problems.

Leeds, as usual, knocked the ball around very well but with Stephen Tutill and David Spofforth improving all the time at the heart of our defence they found it difficult to penetrate.

Archie Common battled well in midfield and his hard work was rewarded when Himsworth was put through on the left. He outpaced the defence and picked out Marco with a lovely cross which he headed home.

Leeds continued to have most of the possession but Scott Healey dealt well with everything in goal. Five minutes from time a free kick on the edge of the penalty area was hammered past the defensive wall and although Scott saved well, he could only parry and Leeds followed up for a tap in.

Tutill who, with his opposite number, was outstanding failed to control a high dropping ball and brought down the Leeds centre forward just inside the box to give away a penalty. Final score 1 - 2.

# CITY

## Profile

### Number 28 MARTIN BUTLER

City's young striker kicked off the season not expecting to be with the club for very long, yet hopes to round off the campaign playing his part in making sure the team stays in the Third Division.

As Martin himself says: "It has been an up and down season for me. I was on the transfer list for a long time at the start and then spent a month on loan with Exeter.

"I got back into the first team for the Easter Monday match with Blackpool after working hard in the reserves and now I hope I can play my part in helping the team climb out of trouble in the last couple of games of the season."

Martin won club sponsors Cameron's Man of the Match award for his performance against Blackpool - his first taste of senior football with City for three months.

In this time he spent a month on loan at Fourth Division Exeter, playing four games and scoring in his first match against Wrexham.

"They wanted me to stay on for another month but I decided to return to York and signed a contract here until the end of the season."

As City prepare for the crucial last week of the season with today's 'six pointer' clash with Bolton and next Saturday's visit of Notts. County, Martin is confident the side can pull clear of trouble and hold on to its Third Division place.

"Today's match is a vital one for both ourselves and Bolton," he points out. "I am sure we can get out of trouble and stay clear of the play-off matches. But even if we are involved in these, I reckon we can stay up."

## CAREER FILE

Born in Hull and the son of former City man Ian Butler, Martin has made 39 full League appearances for City, scoring four times. Apart from his spell on loan with Exeter in February, he had a temporary move to Aldershot last season, playing two matches for the Hampshire club and scoring once.

## ANXIOUS BOLTON SEEK END OF SEASON BOOST

These are anxious time for Bolton, one of the handful of sides who like City, will be closely studying the results at the end of this afternoon to gauge who is likely to be involved in the play-offs in a couple of weeks time.

Wanderers have been struggling around the lower reaches of the table for most of the season, yet they have lost fewer games away from home than their rivals. Bolton's problem has been that they have only won twice on their travels - at Brentford and Darlington - and they've become something of the Division's draw experts away from home, with ten games ending all square up to the Easter period.

Player-manager PHIL NEAL who ended a long and successful link with Liverpool to take over the reins at Burnden Park in December 1985, will be disappointed that the side has not made more of an impact this season but will be determined that Wanderers preserve their Third Division status.

There is plenty of experience in the side which should stand the team in good stead over the final week of the season. Neal himself has a controlling influence on the field at right back and his partner is DEREK SCOTT who spent eleven seasons with Burnley and signed

for Wanderers for a £20,000 fee two years ago.

Former Lincoln and Grimsby goalkeeper DAVID FELGATE was capped by Wales three seasons ago while centre half DAVE SUTTON shared in two promotion successes with Huddersfield Town, joining Bolton for £12,000 two summers ago.

Partnering Sutton at the centre of the Bolton defence today is likely to be MARK CAME who Bolton signed from the non League game in April 1984.

In terms of experience they don't come with much more know how than ASA HARTFORD, capped 50 times by Scotland and now with his sixth club. He joined Wanderers

from Norwich for last season and was an ever present in the Bolton side last term and scored one of his side's three goals in their 3-1 win over City at Burnden Park in November.

Striker TONY CALDWELL was Wanderers' other marksman that day with two goals. He is Bolton's leading scorer this season and has done well since joining the club from non League football in 1983. He has been out of the side recently with injury and that has given youngster NICKY BROOKMAN a chance in the first team.

IAN STEVENS is another youngster to graduate through the junior ranks into the first team while STEVE ELLIOTT was a £25,000 signing from Walsall and previously played for Nottingham Forest, Preston and Luton.

Winger MARK GAVIN was Phil Neal's first signing as manager moving to Burnden Park from Carlisle in April 1986. His career began at Leeds. STEVE THOMPSON is a useful midfield player who scores his share of goals and WARREN JOYCE has been a regular in Wanderers' midfield since making his League debut five seasons ago.

MARCO GABBIADINI was City's scorer in the game at Bolton earlier in the season and when Wanderers last visited Bootham Crescent for a mid week game toward the start of last season. City were 3-0 winners with goals from Keith Houchen (2) and Dale Banton.
